

Compact, inexpensive and efficient: Webasto air heaters

Webasto air heating systems turn below decks on your boat into a real comfort zone. They quickly heat your cabin up to the temperature you require, quietly ensuring that you enjoy constant, cosy warmth on board and are also highly affordable to boot.

The advantages of Webasto's air heaters:

- **Constant cosiness thanks to an electronic thermostat**
- **Short heating-up times thanks to effective output**
- **Low purchase price and cheap to run**
- **Available as a complete installation kit for quick and simple retrofitting**
- **Dehumidification of the cabins**
- **Quiet-running**
- **Simple to install**
- **Compact, space-saving design**
- **Practical ventilation function (Air Top 3500/5000)**
- **Meet current requirements and standards relating to boats**

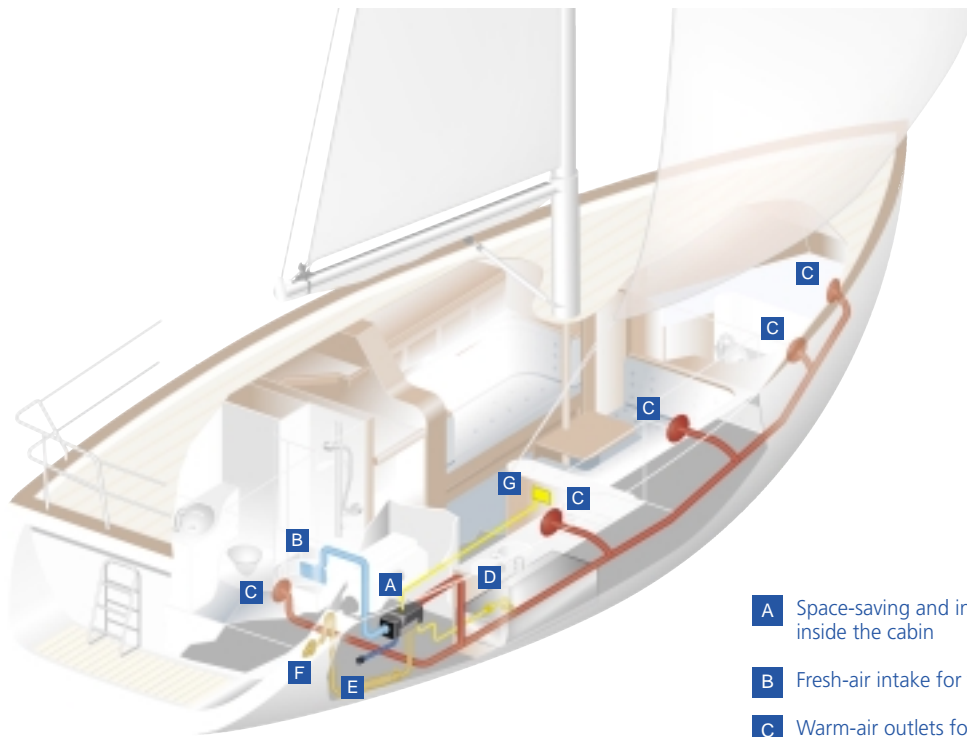

Air Top 2000 S

The smallest Webasto air heater, the Air Top 2000 S, offers a high heating capacity and optimum economy.

Air Top 3500/5000

Especially powerful, compact and quiet, the Air Top 3500/5000 models are ideal for extreme conditions and for people who want maximum warmth and comfort.

Installation example for air heating system

- A** Space-saving and inconspicuous installation inside the cabin
- B** Fresh-air intake for fresh air below deck
- C** Warm-air outlets for even distribution of warm air
- D** Safe and clean: the fuel system
- E** Combustion-air intake
- F** Stainless steel exhaust
- G** Controls – simple and logical to use

Air heater range

Unit	Voltage V	Heat output kW		Fuel consumption l/h		Fuel	Power consumption W		Dimensions l x w x h (mm)	Weight kg
		Partial load	Full load	Partial load	Full load		Partial load	Full load		
Air Top 2000 S	12/24	0.90 – 2.0		0.12 – 0.24		Diesel	9 – 22		317 x 120 x 121	2.6
Air Top 3500	12/24	1.5 – 3.5		0.17 – 0.42		Diesel	15 – 36		425 x 148 x 148	5.9
Air Top 5000	12/24	1.5 – 5.0 (* 5.5)		0.17 – 0.60 (* 0.66)		Diesel	15 – 90		425 x 148 x 148	5.9
HL 90	12/24	6.5	9.0	0.86	1.20	Diesel	80	110	650 x 235 x 260	13.3

The values stated include a tolerance of approx. ±10% typical for heaters. Subject to change without notice.

* Booster speed for max. 30 min. Please note the installation specifications for the waters you cruise.
